Very anxious to also work on state of state... If you want to send me anything you and beth have drafted thus far, I'll start going over it too.

Re Hamel - we keep telling him we're on his side. He'll either believe it or he won't. At some point I'll talk to him myself again, but I don't want us to waste time trying to convince him if he's only hearing what he wants to hear.

Governor,

Privileged or Personal Material Redacted

I wanted to pass along that Beth and I have been working on the first run of the State of the State. I have been thinking about how to tie together a number of items on a big vision scale and having Beth help pull together concepts and research to include in the text (unemployment rates, economic indicators, new jobs on the slope, etc.). I was planning on preparing about a 35 minute draft that I can get to you by the end of Monday. Let me know if this will work for you.

I have corresponded with Chuck Hamel regarding his latest letter to you and Chairman Miller. I have also sent an inquiry to the State Fire Marshall's Office regarding the existence of a GCl daily log that he claims proves a cover up. This inquiry is in addition to the information request sent to the PSIO which resulted in many pages of material. I requested specific evidence from Chuck and he said he would prepare some information for me this weekend. His allegations against BP are strong and his criticism of DPS and DNR is unforgiving. I can send you the recent emails if you like but he claims our failure to comment to the Wall Street Journal this week was a political blunder. I don't see the ability to say much more than we are researching his claims until he provides more specific evidence.

The employee salary issue and the press office are still on the top of my mind. I am holding off any action until we discuss further. If you have direction or additional questions, please let me know.

Thank you.

Mike

Subject: Cook Inlet LNG Press Conference update

Governor, All,

I just finished speaking with Scott Jepson, CP, who provided the names of the Marathon Oil and ConocoPhillips representatives that will be attending your Cook Inlet LNG Agreement' press conference at noon on Thursday, January 3rd. They are:

Marathon Oil

Mr, Steve Hinchman, Senior Vice-President Worldwide Production (Houston)

Mr. Pat Kuntz, Vice-President Natural Gas & Crude Oil Sales (Houston)

Mr. David (Dave) Risser, Natural Gas Marketing Manager (Houston) *

Mr. Doug Thierwechter, Governmental Affairs Manager (Houston)

Ms. Lee Warren, External Communications Manager (Houston)

Mr. Mitch Little, Production Manager/Alaska Asset Team (Anchorage) *

ConocoPhillips

Mr. Jim Bowles. President, ConocoPhillips, Alaska (Anchorage)

Mr. Jim Taylor, Vice President of Commercial Assets (Prudhoe, TAPS & Cook Inlet) (Anchorage)

Mr. Scott Jepson, Manager, Cook Inlet Business Unit (Anchorage) *

Mr. Roger Belman, Legal Counsel (Anchorage) *

Mr. Michael Hurley, Governmental Affairs Manager (Anchorage)

Ms. Natalie Knox, Community Affairs (Anchorage)

* = Part of Negotiating Team for the Cook Inlet LNG Agreement

We are working on talking points, questions & answers, and a one-page overview of the Agreement. We hope to have these materials to you, Mike, Joe and Beth, by Monday. I have also invited the state negotiating team to attend the press conference and that includes the following individuals: Nan Thompson (Unit Mgr, Division of Oil & Gas), Kevin Banks (Director, Division of Oil & Gas), Craig Tillery (Deputy Attorney General, Civil Division,Dept of Law), and myself.

Finally, I believe that Eugene (Gene) Dubay, Senior Vice President of Operations/Semco Energy (parent company of Enstar) is also planning to attend the press conference and would be willing to say some words of support. I will speak with him before Monday regarding what he might like to add.

Beth, Is there anything further we need to do to help you and the Governor prepare for the Press Conference?

Thanks, everyone, for your support,

Marty

Relayed all that we'd gone over yesterday. Let him do most of the talking. I do like him- much more so than Bowles, Suttles, Massey... the rest of 'em.

Good convo, but he certainly wants us to work with them on gasline. He said- very confidentially- he's able by next week to "bring along another producer". He mentioned TransCanada numerous times in the convo... I said I recognized and could appreciate cp's relationship with tc and wondered if they still anticipate hooking up to work together on gasline. He said that is what he anticipates.

Told him we're committed to AGIA, won't dismiss their plan out-of-hand, but with no known fiscal term requirements (he says it's still 20-25 yrs with no oil tax lockup request), no upstream requirements made known to us, and no committment of cp's own gas for this project (he insists it's in their offer/plan, but will double check with his guys on that), that their offer just doesn't seem to be in our best interest... I reminded him we're still evaluating the law-abiding applications.

I tried not to take too much delight in reminding him how much we desire to work with them on all oil/gas developments, but some of his peeps weren't helping the cause at all on that front as they continue to, essentially, bad mouth our administration's actions and intentions (was mostly thinking of Rick Solie and a few others). I told him he needed to know that. He says that's unacceptable that there's anything going on like that and they should have only one message - that they're glad to work with us.

He wanted to make sure I remembered cp broke away from the boys on this - I said I was very glad to see that, and cp proves it's the Big Dog by taking such action.

Must be BP he's referring to when confiding he'd bring along another producer? I didn't ask.

Governor, Mike,

Pat and Tom were just discussing the Cabinet Meeting scheduled for next Friday, January 4th, from 10am-noon. I wanted to let you know that this was the same date/timeframe we were hoping to use on the AGIA "completeness review" press conference. This roll-out must be sequenced as follows:

9:00am - 9:45am - Briefing Congressional delegation;

9:45am - 10:30am - Phone calls to Legislative leadership and specific friendly legislators by one team; as well as phone calls to all Applicants by another team;

11:00am - 12noon - Press Conference announcing results of AGIA' completeness review;

No Later Than 12noon - Legal & Public Notices hand-delivered to the Anch Daily News by their noon deadline. It is this public notice that allows us to make the AGIA' completeness review public and triggers the public review. Legally these must be sequenced and this entire roll-out must occur before the Daily News noon deadline. Therefore, if this schedule cannot occur on the morning of January 4th, we need to have the AGIA' "completeness review" press conference delayed to January 7th, as we cannot be ready before the 4th. Please advise how I should handle this as I have the team really "cranking" in order to make the 4th, and waiting till the 7th would provide them a bit of breathing room.

Thanks, and if you want to talk, please call me at #317-4728.

Governor and Mike, since we last visited on December 6 about the Administration's energy policy including potential comments for the state of the state, we have been spending time evaluating ideas to move an energy plan forward based on what we felt were decisions in that meeting. We haven't heard anything directly but we are hearing rumors about changes in direction. If there are changes I think we should have been involved in the discussions. What is expected from DNR at this time? As always we are more than willing to help and I continue to feel this is a crisis. We have lots of Alaskans really hurting from high energy costs. Thanks. I just read an article on you in the Detroit Free Press and I have to tell you, it makes you sound pretty impressive to me.

The Free Press is not known for making anyone Republican sound good in any way.

It sounds like you are the type of politician this country needs who really does have conviction to make things right and do it for the right reasons.

I am a registered Independent like your husband, my husband is a Republican and we will both be watching your career in politics.

Good luck to you and your family.

Govenor Palin,

There is a buzz in the grassroots campaign of Congressman Ron Paul that you would be a great choice to run as Vice President of our nation in his administration. I tend to agree with this assessment. Dr. Paul has been quite receptive to suggestions from his grassroots, and he may decide to look into our recommendation. Would this be something you would be receptive to? Please give it some thought.

Thanks!

Joe

Governor,

Privileged or Personal Material Redacted

I wanted to pass along that Beth and I have been working on the first run of the State of the State. I have been thinking about how to tie together a number of items on a big vision scale and having Beth help pull together concepts and research to include in the text (unemployment rates, economic indicators, new jobs on the slope, etc.). I was planning on preparing about a 35 minute draft that I can get to you by the end of Monday. Let me know if this will work for you.

I have corresponded with Chuck Hamel regarding his latest letter to you and Chairman Miller. I have also sent an inquiry to the State Fire Marshall's Office regarding the existence of a GC1 daily log that he claims proves a cover up. This inquiry is in addition to the information request sent to the PSIO which resulted in many pages of material. I requested specific evidence from Chuck and he said he would prepare some information for me this weekend. His allegations against BP are strong and his criticism of DPS and DNR is unforgiving. I can send you the recent emails if you like but he claims our failure to comment to the Wall Street Journal this week was a political blunder. I don't see the ability to say much more than we are researching his claims until he provides more specific evidence.

The employee salary issue and the press office are still on the top of my mind. I am holding off any action until we discuss further. If you have direction or additional questions, please let me know.

Thank you.

Mike

Governor,

I am sure you have seen this but Marty is suggesting that we possibly delay the AGIA announcement to the 7th given the conflict with the cabinet meeting. My opinion is that we can move the cabinet meeting to the 7th or 8th if needed rather than the AGIA announcement. I can not think of anything that is so critical that we could not wait another day or two to discuss with the cabinet.

Governor, Mike,

Pat and Tom were just discussing the Cabinet Meeting scheduled for next Friday, January 4th, from 10am-noon. I wanted to let you know that this was the same date/timeframe we were hoping to use on the AGIA "completeness review" press conference. This roll-out must be sequenced as follows:

9:00am - 9:45am - Briefing Congressional delegation;

9:45am - 10:30am - Phone calls to Legislative leadership and specific friendly legislators by one team; as well as phone calls to all Applicants by another team;

11:00am - 12noon - Press Conference announcing results of AGIA' completeness review;

No Later Than 12noon - Legal & Public Notices hand-delivered to the Anch Daily News by their noon deadline. It is this public notice that allows us to make the AGIA' completeness review public and triggers the public review. Legally these must be sequenced and this entire roll-out must occur before the Daily News noon deadline. Therefore, if this schedule cannot occur on the morning of January 4th, we need to have the AGIA' "completeness review" press conference delayed to January 7th, as we cannot be ready before the 4th. Please advise how I should handle this as I have the team really "cranking" in order to make the 4th, and waiting till the 7th would provide them a bit of breathing room.

Thanks, and if you want to talk, please call me at #317-4728.

Subject: Cook Inlet LNG Press Conference update

Governor, All,
I just finished speaking with Scott Jepson, CP, who provided the names of the Marathon Oil and ConocoPhillips representatives that will be attending your Cook Inlet LNG Agreement' press conference at noon on Thursday, January 3rd. They are:

Marathon Oil
Mr, Steve Hinchman, Senior Vice-President Worldwide Production (Houston)
Mr. Pat Kuntz, Vice-President Natural Gas & Crude Oil Sales (Houston)
Mr. David (Dave) Risser, Natural Gas Marketing Manager (Houston) *
Mr. Doug Thierwechter, Governmental Affairs Manager (Houston)
Ms. Lee Warren, External Communications Manager (Houston)
Mr. Mitch Little, Production Manager/Alaska Asset Team (Anchorage) *

ConocoPhillips
Mr. Jim Bowles. President, ConocoPhillips, Alaska (Anchorage)
Mr. Jim Taylor, Vice President of Commercial Assets (Prudhoe, TAPS & Cook Inlet) (Anchorage)
Mr. Scott Jepson, Manager, Cook Inlet Business Unit (Anchorage) *
Mr. Roger Belman, Legal Counsel (Anchorage) *
Mr. Michael Hurley, Governmental Affairs Manager (Anchorage)
Ms. Natalie Knox, Community Affairs (Anchorage)

* = Part of Negotiating Team for the Cook Inlet LNG Agreement

We are working on talking points, questions & answers, and a one-page overview of the Agreement. We hope to have these materials to you, Mike, Joe and Beth, by Monday. I have also invited the state negotiating team to attend the press conference and that includes the following individuals: Nan Thompson (Unit Mgr, Division of Oil & Gas), Kevin Banks (Director, Division of Oil & Gas), Craig Tillery (Deputy Attorney General, Civil Division,Dept of Law), and myself.

Finally, I believe that Eugene (Gene) Dubay, Senior Vice President of Operations/Semco Energy (parent company of Enstar) is also planning to attend the press conference and would be willing to say some words of support. I will speak with him before Monday regarding what he might like to add.

Beth, Is there anything further we need to do to help you and the Governor prepare for the Press Conference?

Thanks, everyone, for your support,
Marty
